SULA LIGHTHOUSE ARTIST

Applications: 31st May 2018

Two artists will be awarded the new Sula Scholarship in 2018. It covers a month’s stay for each of the artists. The application deadline is 31st May. The winners will be announced at the Sula Festival on 29th June 2018.

The Sula Lighthouse Foundation can offer the artists accommodation in the old lighthouse between 1st September 2018 and 31st May 2019.

Who can apply?
Artists working in the areas of film, photography, painting, sculpture, music, books, design and other creative professions, are welcome to apply to us. At least one work should be traced to the island, but the Foundation hopes the artist’s stay can be an opportunity for new ideas and maybe an exhibition.

What is our offer?
The foundation supports artists with accommodation and workplaces on the island. In addition,
we have exhibition space and can contribute to publicity in the press and social media. Artists are expected to cover their own food and costs for travel to and from Sula.

The lighthouse-residence is operated as a communal hotel with 16 beds, two kitchens, two living rooms and three bathrooms. Originally there were three families living here.

Each artist has a separate bedroom. Our experience to date is that the artists outside the season will get the majority of the accommodation for themselves, but in the weekend they may have to share the common areas. http://www.sulafyr.com/accommodation

Host for artists
The Sula Lighthouse Foundation also employs a host who will be available during the stay and can provide practical support, guidance and local tours. The artists can even use a rowing boat for fishing and smaller trips.

Who are we?
The Sula Lighthouse Foundation is a social organization established in 2004. The living quarters were almost destroyed, but people on the island and others worked together and restored the buildings on a voluntary basis. More info: https://www.visitnorway.com/listings/sula-lighthouse/175072/

During the past four years we have had a number of artists visiting Sula through a collaboration with Lademoen Artist Workshops. From 2018 we have chosen to focus on fewer artists with longer stays. More
Where is Sula?
The island is part of an archipelago consisting of 5,400 islands outside Trondheim in Sør-Trøndelag. The small island, with its 57 permanent residents, is located in the Frøya municipality – almost as far west as you can get in Norway. Foundation's artist council
The foundation has established a council of cultural workers to participate in the assessments of incoming applicants. Everyone has a relationship with Sula and represents film, photography, music, painting and international artistic networks.
